Description

The SolidWELD Strike 200 is a state-of-the-art stick welding machine, incorporating advanced IGBT technology and an intelligent MCU control system. This dual voltage equipment operates at both 110V and 220V, featuring an easy-to-adjust parameter screen for precise control. The Strike 200 offers VRD, Hot Start, and ARC Force functions to ensure optimal welding performance. It is equipped with an intelligent protection system that safeguards against current fluctuations, overheating, and voltage variations. Designed for continuous welding, it supports 2.5mm and 3.2mm electrodes and is compatible with generator sets.

Specifications

| | | |
|---|--------------------------------|--------------------------------|
| Messer # | 11372661 | |
| Power voltage (V) | 1PH 230V (±15%) | 1PH 115V (±15%) |
| Frequency (Hz) | 50/60 | 50/60 |
| Rated maximum supply current (I _{1max} /A) | 46 (MMA) 32 (TIG) | 37 (MMA) 24 (TIG) |
| Maximum effective supply current (I _{1eff} /A) | 17.8 (MMA) 12.4 (TIG) | 14.3 (MMA) 14.2 (TIG) |
| Output current range (A) | 30~200 (MMA) 10~200 (TIG) | 30~100 (MMA) 10~100 (TIG) |
| Output voltage range (V) | 21.2~28 (MMA) 10.4~18 (TIG) | 21.2~24 (MMA) 10.4~14 (TIG) |
| Duty cycle (%) | 15% | 15% |
| Efficiency (%) | 80% | 80% |
| Weight (kg) | 3.9 | 3.9 |

Service and warranty

3-year limited warranty covers parts and labour. Excludes torches and consumable items. Warranty will not apply if operating and service instructions are not followed.

Package includes

- Strike 200 power source
- 200A electrode holder
- 300A earth clamp with cable
- Plastic carrying case
- Operating manual
